Kromeveye Quality Management System is applied in conformity with ISO 9001:2015 CE, Quality, BSCI, Ghost, Standard and TSE to the whole Enterprise that takes active role in all production phases and takes advantage of the latest technologies. Kromeveye pursues the objective of continuous and sustainable system development through extensive sector experience, complying with the legal obligations and protecting the employee rights.

In this context, our quality goals should be set, pursued and reported. Our resources should serve to our objectives.

Livinox was born as a brand name by Kromeveye, for export stainless steel kitchen sinks.

Quality and Innovation

The kitchen has become the centre of modern interiors, the heart of any home, the place where family ties are woven. Kromevye, which can bring your kitchen in line with the latest trends.

When it comes to innovation, material and manufacturing quality, and constant search for new solutions to increase the comfort and functionality of our products, we make no compromises. This is why Kromevye sinks rank among the top modern design solutions, and boast quality that exceeds similar products in many respects.

Glame

Granite composite sinks are composed of granite parts tightly bound with high quality acrylic resin, which helps to acquire excellent mechanical properties and chemical persistence.
